

Novelties 2019

Static window foils | Self adhesive foils | Tablecloths

INTRODUCTION

“Van Merksteijn Plastics” continues as “Vénilia Décor”

The shares of Van Merksteijn Plastics have been acquired by the new owners: Windhager Handelsgesellschaft mbH and the former director William Rauhé, who's clear goal is to expand the footprint of the company in the markets where it's currently active. The new company will be named Vénilia Décor BV. and will be an independent manufacturing company.

Being part of the Windhager group further strengthens our position in the market. The combination of distribution and production will provide new opportunities for our customers and we look forward to discuss these with you. We manufacture a wide range of self adhesive and static decorative films (Gekkofix), as well as tablecloths (Gekkotex) in our factory in the Netherlands.

Our products all meet the necessary quality standards and we are leaders in product development, offering a range that is known to be the best in the market.

We are proud to present you our novelties for 2019. We have worked hard to further distinguish our collection and are very satisfied with the result and are eager to show you these unique designs.

Sincerely,

Vénilia Décor
